

Wisconsin Custom Manure Applicators 2017 Equipment Listing

The listing of a firm (or lack thereof) does not constitute an endorsement (or lack thereof) by UW-Extension and we do not guarantee the accuracy of any information herein. If you wish to have your firm added to the list or to correct an error, please contact Kevin Erb at 920.391.4652 or email to: kevin.erb@ces.uwex.edu. If a semi listed as “T”, it transfers, or feeds a tanker, dragline or frac tank in the field; an “A” is a semi that does land application. “P” means the semi has a pump for more even application on alfalfa; “G” means gravity flow discharge. If equipment is listed as “available”, the owner has access via a partnership with another firm. An * or ** denotes that information was not available, but we believe the applicator is still in business. This list is intended for private farmer use and is not for solicitation purposes. Last update 12.31.17
