GREEN LEAF FIREMAN'S PARK **1588 FAIR ROAD, GREEN LEAF**

Maryann, Kurt Kohlmann and daughter Suzanne Wilson started grazing 3 years ago. They raise steers and chickens and have converted cropland to pasture land, improving water quality on the land. For this event, meet at Green Leaf Fireman's Park to start our day and have lunch before a tour of local farms' cover crop and no-till practices.

Women Caring for the Land was created by the Women Food & Agriculture Network to serve women farmland landowners interested in learning more about conservation. The events provide women landowners an opportunity to network with peers and learn from resource professionals. Men are welcome to join for the farm tour portion, however we do request that the learning circle space is for women only.
