Calumet County 4-H Festival of Fun is the biggest project learning event of the 4-H year—and a great example of youth and adults coming together to learn, grow, and have fun the 4-H way!

This exciting day has three main goals:

1. Help members, leaders, and parents learn something new—either by exploring a current project or trying out a brand-new one.
2. Encourage participants to share what they've learned with their club or project group.
3. Promote teamwork by having youth and adults work side by side.

It's a day full of discovery, collaboration, and the true spirit of 4-H!
